

Produce the World's Best Trained, Combat Ready

Joint Expeditionary Tasked (JET) and Individual Augmentee (IA) Airmen

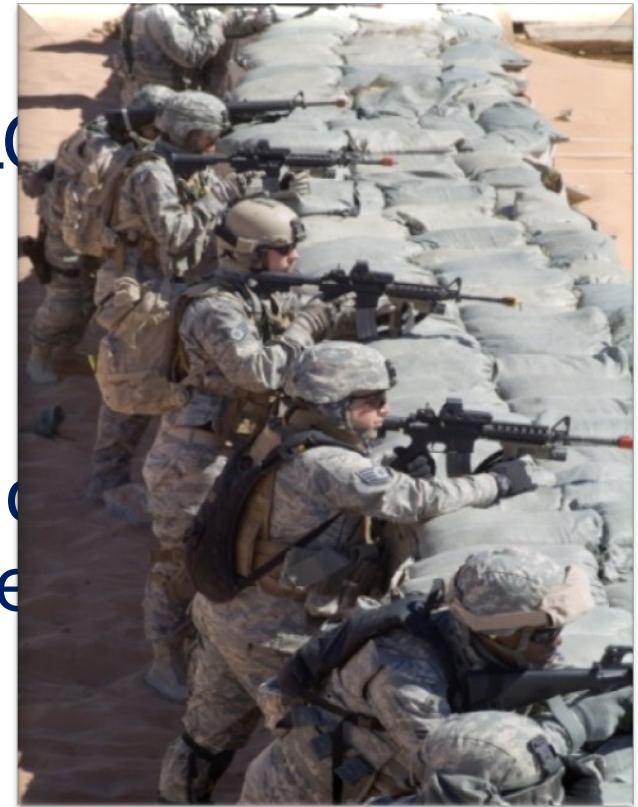

**Col Phil Harding
Director
Expeditionary Training**

What are JET/IA Requirements?

Produce the World's Best Trained, Combat Ready

- Joint Expeditionary Taskings (**JET**) and Individual Augmentee (**IA**) taskings are joint taskings sourced to the USAF
 - Formerly known as in-lieu-of (ILO)
 - Often include outside-the-wire operations
- Joint Expeditionary Taskings support Combatant Commander requirements

Requirements for JET Airmen \neq AEF Airmen

Selection Criteria

Produce the World's Best Trained, Combat Ready

- Pick strong/self-motivated **leaders** equipped for unique challenges
 - Physically **and** mentally fit to deploy “outside-the-wire”
- CST is physically demanding:
 - HEAT (roll-over) training
 - 50 lbs of body armor worn throughout training/deployment
 - Ruck marches
 - Vehicle Egress training with body armor, helmet, weapons
- **JET/IA** Airmen must have a **SECRET** clearance
 - Isolated Personnel Report (ISOPREP) required for **all** **JET/IA** Airmen
